The information provided here is necessarily of a general nature. Since specific performance depends on actual operating and storage conditions, our engineers will provide particular application instructions upon request. Data subject to revision without notice. Any representation in this brochure concerning performance are for information purposes only and not warranties, either expressed or implied, of future performance. Tadiran’s standard limited warranty, stated in its sales contract or order confirmation form is the only warranty offered by Tadiran.
2.7 End of life indication:

OCV measurements can provide a good estimation for the remaining capacity of the cell as shown below:

2.6. Safety tests:

The cell has successfully passed the following safety tests:

- Short circuit at RT and at 55°C
- Oven at 150°C
- Impact
- Nail penetration
- Over charge and over discharge
